

BFSNA General Meeting Minutes, December 12, 2006

The December meeting of the BFSNA was a social meeting complete with holiday treats.

The minutes of the November meeting were accepted.

The tree sale was successful. The total income from the sale is not available as there are still a few trees that might sell. It was recommended that next year there be an ad for the sale in the South end News. A 3x5 ad costs approximately \$125, so further discussion will be necessary. Scott moved that we purchase new large signs for the sale. The motion was seconded and passed, provided that the cost of the signs is less than \$200.

There are parking spaces available at Artblock.

Sherwood asked that everyone call the Parks hotline to request that they pick up the leaves in the park.

Washington Gateway will be selecting new board members as Sheila Grove and Ellen Witt will be moving on in mid-December. These women have been phenomenally successful. The BFSNA is grateful for their endeavors.

The meeting adjourned at 8:30.
